4. AUTHORIZATION

I hereby authorize AXA Equitable to accept telephone transfer requests for the contract referred to in Section 1 from any person furnishing the Personal Identification Number indicated in Section 2. I understand that AXA Equitable will not be liable for any loss, liability, costs, or expense arising out of a transfer authorized by telephone, and that AXA Equitable reserves the right to discontinue the telephone transfer service at any time without notice. This authorization will remain in effect unless revoked by me in writing. **I am making a copy of this form and returning the original.**

I also understand that I am entitled to select either **Maximum Transfer Flexibility** or **Maximum Fund Choice**, as described in the prospectus and in Section 3 of this form. 5. TERMS AND CONDITIONS OF SERVICE

AXA Equitable will act on telephone transfer and/or allocation change instructions for the contract referred to in Section 1 from any person using the designated Personal Identification Number in Section 2, subject to the following conditions:

1. TOPS is available either on a touch-tone telephone or on rotary dial equipment with a touch-tone line and adapter.
2. No telephone instruction will be taken unless the *Personal Identification Number* is furnished.
3. Only one transfer request for each Fund is permitted on any one day and cannot be revoked during that day.
4. AXA Equitable will provide transfer, allocation change and Investment Simplifier services 24 hours a day, 7 days a week. A request must be *completed and confirmed* before the time that the New York Stock Exchange closes (4 PM Eastern Time or earlier) to be processed as of the close of an AXA Equitable business day on the date that the request is made. Requests received after the closing of the New York Stock Exchange (or on days when it is not open) will be made effective as of the close of business on the following business day. AXA Equitable will not be responsible for the unavailability of the transfer facility due to system problems, scheduling requirements, power surges, or any other failures.
5. Eligible transfers will be made in the order requested. The amount available for transfer is based on the unit value at the end of the business day. If the requested transfer amount equals the quoted annuity value of the Fund, the entire balance will be transferred as indicated. If the request is for a transfer of the total amount from a Fund and if the unit value has increased by the time the actual transfer is made, the excess monies will be added to the monies being transferred to the last Fund specified. If the unit value has decreased by the time the actual transfer is made, the lesser amount will be transferred to the last Fund specified.
6. Allocation change requests apply only to future contributions. Requests must specify the percentage for each Fund in whole numbers and the total must equal 100%.
7. Only whole-dollar amounts can be transferred.
8. **For contracts issued in certain states:** No more than 50% of any contribution can be allocated to the Guaranteed Interest Option (GIO). Additionally, any transfer requests that would result in more than 50% of your account value to be in the GIO will be rejected.
9. A transfer, allocation change, or Investment Simplifier transaction will not be processed unless the person making the request receives an acknowledgement (*before* terminating the telephone connection) that the request has been filed.
10. AXA Equitable can make changes in the above terms and conditions or additional limitations by sending written notification to the Owner.
11. If any information is not provided in Sections 1 and 2, this request may not be accepted.
12. AXA Equitable may withdraw or restrict TOPS privileges if it determines that you have engaged in excessive trading, market timing or other disruptive transfer activity.
