FEDERAL INCOME TAX ELECTION INFORMATION

Unless you elect otherwise, on page 1, the Company will withhold federal income tax from the taxable portion of your distribution as follows:

- 1) Nonperiodic payments will have income tax withheld at a flat 10% rate unless the payment is qualified for the distribution. Tax will be withheld from a qualified total distribution using tables furnished to the Company and prescribed by the Treasury Department
2) The taxable portion of distributions from life insurance or endowment are subject to withholding at 10%.

CAUTION: There are penalties for not paying enough tax during the year, whether through withholding or estimated tax payments. For more information, please see Publication 505, Tax Withholding and Estimated Tax, available from most IRS offices.

By January 31st of next year you will receive a statement from the Company showing the total amount of your distributions(s) and the total income tax withheld during the year. The Company will report payments of taxable income to the IRS and you are liable for federal income tax payments on those amounts, whether or not you elect withholding.
